The iconic Star Trek character's life story appears for the first time in his own words; perfect for fans of the upcoming Star Trek: Strange New Worlds. Brand-new details of his life on Vulcan and the Enterprise are revealed, along with never-before-seen insights into Spock's relationships with the most important figures in his life, including Sarek, Michael Burnham, Christopher Pike, Kirk, McCoy and more, all told in his own distinctive voice. From New York Times and USA Today bestselling author Kristen Proby comes a new story in her With Me In Seattle series... Sabrina Harrison hates being famous. She walked away from show business, from the flashing bulbs and prying eyes years ago, and is happy in her rural Oregon home, dedicating her life to her non-profit. Until Hollywood calls, offering her the role of a lifetime. In more than ten years, she's never felt the pull to return to the business that shunned her, but this role is everything Sabrina's ever longed for. Now she has to get in shape for it. Benjamin Demarco's gym, Sound Fitness, continues making a name for itself in Seattle. And now, he finds himself with the task of training Sabrina, getting her in shape for the role of her life. He's trained hundreds of women. This is his job. So why does he suddenly see Sabrina as more than just another client? His hands linger on her skin, his breath catches when she's near. He knows better. Soon, she'll be gone, living her life. A life that doesn't include him. **Every 1001 Dark Nights novella is a standalone story. For new readers, it's an introduction to an author's world. And for fans, it's a bonus book in the author's series. We hope you'll enjoy each one as much as we do.** Ask yourself this; did Winchester Syndrome exist in the times of our ancestors, centuries ago, or was it born in recent times? Where did it come from? How did we find ourselves diagnosed with it? Has it occurred to you that the foods that you consume on a daily basis directly affect your health? Would you like to know more about the one protocol that has worked for us, time and time again, in increasing our health to a point where "disease" can no longer exist? Through reversing our own chronic diseases and conditions - ranging from severe autoimmune, neurological, digestive - all the way to rare genetic conditions, we noticed a commonality during our healing journeys. We discovered a protocol that supercharged our health and subsequently worked well in the removal of any condition, disease, infection, abnormality, addiction, mental health condition - or any other label that you may come across. Through producing this series of information-assisted journals, our goal has been to reach you directly and share our experiences with you, with the aim of giving you hope. Regardless of what you have been diagnosed/labeled with - if applied correctly, you will experience significant positive changes. This journal has been broken down into two parts - the first part being information-based, and the second part being an assisted journal area for you to document, track and journal your personal daily progress, whilst being given helpful tips along the way. We didn't want to release just another "information overloaded" book which the reader does not benefit from or take action on immediately. Through this interactive and simplified approach found within this series of journals, you will achieve your health goals effectively. Welcome to the world of improved health and healing. Good luck on your journey. The Science Focus Second Edition is the complete science package for the teaching of the New South

The sleepy, eastern Washington wheat town of Antioch has become a gateway for the supernatural--from sightings of angels and a weeping crucifix to a self-proclaimed prophet with an astounding message. The national media and the curious all flock to the little town--a great boon for local business but not for Travis Jordan. The burned-out former pastor has been trying to hide his past in Antioch. Now the whole world is headed to his backyard to find the Messiah, and in the process, every spiritual assumption he has ever held will be challenged. The startling secret behind this visitation ultimately pushes one man into a supernatural confrontation that has eternal consequences. The way in which the contemporary exhibition is designed is fast changing - previously aloof cultural institutions are making use of technologies and techniques more commonly associated with film and retail. Exhibition Design features a wide variety of examples from around the world, from major trade and commerce fairs, to well-known fine art institutions, to small-scale artist-designed displays. An introduction gives a historical perspective on the development of exhibitions and museums. The first part of the book covers the conceptual themes of narrative space, performative space and simulated experience and the second the practical concerns of display, lighting, colour, sound and graphics. Throughout are photographs, drawings and diagrams of exhibitions, including the work of such internationally renowned architects and designers as Ralph Appelbaum Associates, Atelier Bruckner, Casson Mann, Frank Gehry, Zaha Hadid, Imagination, METStudio and Jean Nouvel. No matter what field one may be in, there is a need to market oneself, and Girard, bestselling author of "How to Sell Anything to Anybody," reveals important sales secrets for everyday life. This book reviews the research in pre-eclampsia and the practical management of this common and life-threatening disorder. A young Indian woman searches for her own identity as her country fights for independence in this novel from the award-winning Urdu Indian author. The Crooked Line is the story of Shamman, a spirited young woman who rebels against the traditional Indian life of purdah, or female seclusion, that she and her sisters are raised in. Shipped off to boarding school by her family, Shamman grows into a woman of education and independence just as India itself is fighting to throw off the shackles of colonialism. Shamman's search for her own path leads her into the fray of political unrest, where her passion for her country's independence becomes entangled with her passion for an Irish journalist. In this semi-autobiographical novel, Ismat Chughtai explores the complex relationships between women caught in a changing culture, and exposes the intellectual and emotional conflicts at the heart of India's battle for an uncertain future of independence from the British Raj and ultimately Partition. 18+ for language and sexual content! Alex 'Hawk' James has a sordid and violent past,

one that, in part, leaves him the single father of a little girl. His only solace is the world he's made within the Dogs of Fire Motorcycle Club. Payton Williams has everything under control. Her neat little world is as she has made it and she's happy with the life she's leading. But when a chance encounter with a gorgeous biker upends her tidy plans, she finds herself confronting things she'd been happy to gloss over... until now. Will Hawk and Payton's different worlds collide in chaos, or will they come together and heal the wounds of the past? Will a threat from someone out of Hawk's past destroy the trust he and Payton are building? Grace and the Christmas Angel, created by bestselling author Lucinda Riley and her son Harry Whittaker and illustrated by Jane Ray is a reassuring, timeless story and the first book in the Guardian Angels series. A perfect gift of a story, filled with the magic of Christmas. Because somewhere, an angel is listening . . . It's Christmas Eve. The tree is decorated, the presents are wrapped and it's a big day for Grace. She is singing a song in the nativity show, and her fisherman daddy has promised to be back in time to watch her. But when a storm blows up at sea, Grace walks out on stage to find Daddy is not there. She's very worried. But luckily, Grace has someone watching over her. Will Hope, the Christmas Angel, be able to help Daddy get home safely for Christmas morning? Designed as a textbook for undergraduate and postgraduate students of engineering and science, Numerical Methods: For Engineering and Science is an attempt to explain the concepts and principles in such a way that the methods can be applied to any discipline. The book of Proverbs is the world's greatest treasury of wisdom. It offers practical insights for day-to-day discussions and provides moral guidelines for living in an immoral world. As you unearth the riches of Proverbs, you will discover why "the fear of the Lord is the beginning of wisdom" for all the affairs of everyday life. Dreams are at the heart of a process where tangible and intangible worlds are intimately intermingled. Indeed, a dream is an intangible phenomenon occurring in a physical body that stands in an environment both material and informational (intangible). A systematic investigation of the connections between dreams and reality sheds new light on the dream process and on the functioning of the mind. This book invites you, the reader, to discover the results you can achieve through a more comprehensive and unified approach to the dream process. It gives you advice on how to carry out your own research. Reading this book will help you become better aware of the role played by your body at the meeting point between dreams and reality, between the tangible and the intangible (Chapter 1). The book describes an efficient method for observing the dream process (Chapter 2) and explains the results you can achieve with it through your own experimentation (Chapter 3). Through your personal exploration of the whole dream process you will be able to verify for yourself the reality of certain faculties of the mind which are commonly considered to be "paranormal". You will see that they can be explained rationally. Chapter 4 of the book explains how you can use the dream process to find answers to your questions, whether they regard your daily life (health, work, relationships, life guidance) or your artistic or scientific creativity. The last chapter (Chapter 5) explains why faculties today considered to be paranormal are destined to a natural collective awakening. With this book, I invite you to observe your dreams and their connections with your reality, with a mind as neutral as possible. This is the best way to understand the meaning of your dreams. Try, then, to forget all you have ever heard about dreams, and just look at them and observe the whole dream process, and not only the dreams. Everything I assert in the book can be verified through personal experience by using the proposed method of observation. With this method everyone, even the most skeptical person, can verify the existence of unusual faculties of the mind, and learn to develop and use them. Key words: dreams and reality, precognitive dreams, future in dreams, premonitory

Grid-Scale Energy Storage Systems and Applications provides a timely introduction to state-of-the-art technologies and important demonstration projects in this rapidly developing field. Written with a view to real-world applications, the authors describe storage technologies and then cover operation and control, system integration and battery management, and other topics important in the design of these storage systems. The rapidly-developing area of electrochemical energy storage technology and its implementation in the power grid is covered in particular detail. Examples of Chinese pilot projects in new energy grids and micro grids are also included. Drawing on significant Chinese results in this area, but also including data from abroad, this will be a valuable reference on the development of grid-scale energy storage for engineers and scientists in power and energy transmission and researchers in academia. Addresses not only the available energy storage technologies, but also topics significant for storage system designers, such as technology management, operation and control, system integration and economic assessment

Draws on the wealth of Chinese research into energy storage and describes important Chinese energy storage demonstration projects

Provides practical examples of the application of energy storage technologies that can be used by engineers as references when designing new systems

Have you ever wondered what Spanish speakers talk about when engaging in a joyful and exciting conversation? Spanish Conversations presents the most accurate and useful examples of those exchanges with a neutral and modern approach. This audiobook has been designed with the learner in mind and with the understanding that there's no better way to learn a language faster than by being exposed to it. Also, the best way is to be exposed to how native speakers use the language daily. Day-to-day Spanish conversations will no longer seem foreign to you through this audiobook. Rather, it will be easy for you to know which words to use and what you need to say. Through this audiobook, you will improve your language skills based on how native speakers use their language. This audiobook includes the following: Numbered lessons: All the conversations are divided into sections that make it useful for the listener to

find the right setting where the conversations occur. Only examples: This audiobook doesn't deal with the intricacies of grammar. But it doesn't mean that the audiobook doesn't adhere to the grammar rules needed to learn Spanish. Rather, it presents learning a foreign language using a different approach. That is, being exposed to it and seeing how native speakers use the language every day. New vocabulary: Throughout the conversations, you will notice extensive terms and phrases that are used in the Spanish-speaking world. These are important since the natural way of speaking a language is knowing that the words are used in a proper context. Sections devoted to technology, sports, music, food, friends, school, and many more. So, if you want to learn Spanish in a fun, entertaining, and interesting way, look no more! Spanish Conversations has you covered. With phrases and sentences used by native speakers all over the world, you'll have in your hands the tool you need to speak proper Spanish. You'll have what you need to understand the language as well. Also, you'll see Spanish in action so that when the moment comes for you to use it, you'll be ready to show how easy you can deal with different Spanish conversations.

The People's Covenant and God's Hammer have raged a Cold War that has lasted for over twenty years. A war without armies, where battles are fought in the dark and information is the most dangerous weapon. In this world –which sometimes seems the Middle Ages, sometimes the Renaissance and sometimes the Nineteenth Century– lives Yáxtor Brandan, empirical adept at the service of the Queen of Alboné. A relentless, amoral and unscrupulous character, Yáxtor fights to recover his own past as he tries to prevent a new player in the espionage game to end the world, as he knows it. A fascinating fast-moving and complex plot, full of tension and surprises and excellently paced; a main character for whom it should be impossible to feel the slightest sympathy, and yet somehow we do, even as his cruelty disturbs us more and more -an extremely difficult feat to pull off so successfully; powerful secondary actors, who either leave you with a sense of uneasiness with regard to their motivations and loyalties, or make you want to shout out -as people did in the early days of cinema- "Look out, don't trust him!"; and a pervading atmosphere of tragedy, especially in a final unexpected and shocking, yet on reflection almost inevitable, scene. In short, a totally addictive and highly original novel set in a world that is at once both strangely familiar and disturbingly alien. –Steve Redwood, author of Fisher of Devils. This short work is written with clarity and vigour. It carefully distinguished some kinds of charismatically-inclined Christians from others. It poses questions with which every Church member is faced. Chantry's answers tally with those of the greatest leaders of the Church during the Christian centuries. From Psalm 85 he outlines the true character of revival, and closes the book with material drawn from the Great Awakening of the 18th century. New beginnings take determination... Welcome back to Star Gazer Inn. Alice McIntyre's fresh start after buying the Star Gazer Inn is filling her days, and she's now ready to open with the help of her best friend Lisa's culinary skills and uplifting attitude. And her soon-to-be daughter-in-law Nina by her side, too. And the magic of her new friend and contractor Seth Roark's tireless attention to detail. Seth and Alice have both suffered loss, both are starting over, and both are treating this new friendship and attraction they feel toward each other with caution. Alice's son Dallas is realizing he may not have what it takes to continue riding in the pro rodeo bull riding circuit. He's home at the South Texas McIntyre Ranch after injuring his shoulder and checking out what's going on at his mother's new inn. When he meets a beautiful woman on the beach under unusual circumstances, he has no idea how his life is about to change... Meanwhile: Riley McIntyre is full speed ahead on getting the new "glamping" venue on the ranch's coastal beachfront property up and going for the ladies who like a little glamor and luxury to their camping experience. Jackson and Nina are planning their wedding. Lisa's past is causing problems and with the opening of the inn, Alice needs her to be focused and her culinary skills to be at their best. Can she

handle the pressure? Three women find friendship and courage on the shores of Corpus Christi Bay. Come visit the Star Gazer Inn, with a side trip to the McIntyre Ranch, as Alice finds her way between two worlds. This new series follows Alice, her sons, and her friends—and new loves—on the South Texas coast with its sparkling topaz water. You'll want to dip your toes in and stay awhile.

I, Alex Cross

Detective Alex Cross is pulled out of a family celebration and given the devastating news that his niece, Caroline, has been found brutally murdered. Cross vows to hunt down the killer, and soon learns that Caroline was mixed up in one of Washington's wildest scenes. And she was not this killer's only victim. The search leads Cross to a place where every fantasy is possible, if you have the credentials to get in. Alex is soon facing down some very important, very protected, very dangerous people in levels of society where only one thing is certain - they will do anything to keep their secrets safe. Cross

Fire Detective Alex Cross is planning his wedding to the woman he loves, Brianna Stone. But this blissful existence begins to unravel when Cross is called to the scene of the perfectly executed assassination of two of Washington DC's most corrupt and publically hated political figures. As more crooked politicians are picked off with similar long-range shots, public opinion is divided - is the marksman a vigilante or a hero? Media coverage of the case explodes, and the FBI assigns agent Max Siegel to the investigation. As Cross and Siegel battle over jurisdiction, Alex receives a call from his deadliest adversary, Kyle Craig. The Mastermind is in DC and will not stop until he has eliminated Cross, and his family, for good. Runaway bride – back in his bed! In this second adventure, Troy has been behaving very strangely. The others find out that he is really a unicorn prince. Now that his secret is out, Troy thinks they only want to be his friend because he is royal. Willow tries to reassure him that he is still the same old Troy to them and sets out to prove that being a loyal friend is more important than where you come from. Catherine is forced to choose the life she really wants: the big-city lawyer or the small town cowgirl with two men who want to take her for a very dirty ride. Her life's in New York. The property she's inherited is in Bridgewater, Montana. Going back to the town she visited every summer as a child stirs up long forgotten memories and a girlhood crush, on not one teen-turned-hot-cowboy, but two. Jack and Sam. Fortunately for her, in Bridgewater, one cowboy's never enough.

Following the tradition and style of the acclaimed *Index Islamicus*, the Editors have created this new bibliography of studies on Jews in the Islamic World. This compilation brings to light a long tradition of research on the cultural interaction and shared history of Jews and Muslims, carried out by scholars of Islam and Judaism alike. The Editors have harvested a wide range of articles from journals and collective volumes as well as books, combining old with new material. Ranging thematically from religion to science and from law to geography, this comprehensive bibliography is an indispensable tool for readers finding their way in the large amount of secondary literature today. A little handbook offering reliable, easy-to-find writing advice for university and beyond, in an easy to use and affordable format. Andrea Lunsford meets students where they are with friendly advice, research-based tips for solving the Top Twenty writing problems, and an emphasis on making effective rhetorical choices. The seventh edition puts even more emphasis on empowering students to become critical thinkers and ethical communicators with new advice about fact checking and evaluating sources and more advice about choosing language that builds common ground. In addition, the seventh edition offers more support for writing in a variety of disciplines and genres and more models of student writing to help students make effective choices in any context. Suitable for students looking to focus their writing or those looking for a pocket-sized quick reference, this book will help students make effective choices for academic work and understand the conventions of formal written English. Modern readers of the Bible are time travelers visiting a society and culture very different from their own. Strange customs, unfamiliar words and novel concepts encountered in the Bible's pages can make understanding the Word of God a real challenge. The Access Bible is friendly to people who've never studied the Bible before. Yes, it presents the most current scholarship, and it's based on the New Revised Standard Version translation (the new standard of scholarly excellence in Bible versions). But The Access Bible takes an important further step. It's been carefully written and edited so that those new to the world of Bible study can just pick it up - and start reading. A unique feature of The Access Bible is the running commentary which is interspersed with the Bible text. Difficult concepts are clearly explained in terms which everyday readers can easily understand. There's no need to have a dictionary by your side when you're using The Access Bible. When a technical explanation is required, all of the terms are defined right on the page, as well as in a glossary at the back. History, social contexts, religious practices, the beliefs of ancient peoples -- all are explained when the Bible text requires it. In addition, this new Bible was designed to contain all the background information needed by believers from a wide spectrum of churches. The Access Bible sets a new standard for ease of understanding. It's truly a companion for life's spiritual journey. The Access Bible is available both with and without the Apocrypha.
