New York Times Bestseller Enter Audrey Hepburn's private world in this unique New York Times bestselling biography compiled by her son that combines recollections, anecdotes, excerpts from her personal correspondence, drawings, and recipes for her favorite dishes written in her own hand, and more than 250 previously unpublished personal family photographs. Audrey at Home offers fans an unprecedented look at the legendary star, bringing together the varied aspects of her life through the food she loved—from her childhood in Holland during World War II, to her time in Hollywood as an actress and in Rome as a wife and mother, to her final years as a philanthropist traveling the world for UNICEF. Here are fifty recipes that reflect Audrey's life, set in the context of a specific time, including Chocolate Cake with Whipped Cream—a celebration of liberation in Holland at the end of the war; Penne alla Vodka—a favorite home-away-from-home dish in Hollywood; Turkish-style Sea Bass—her romance with and subsequent marriage to Andrea Dotti; Boeuf à la Cuillère—Givenchy's favorite dish, which she'd prepare when he'd visit her in Switzerland; and Mousse au Chocolat—dinner at the White House. Audrey also loved the basics: Spaghetti al Pomodoro was an all-time favorite, particularly when returning home from her travels, as was a dish of good vanilla ice cream. Each recipe is accompanied by step-by-step instructions, including variations and preparation tips, anecdotes about Audrey and her life, and a poignant collection of photographs and memorabilia. Audrey at Home is a personal scrapbook of Audrey's world and the things she loved best—her children, her friends, her pets. It is a life that unfolds through food, photographs, and intimate vignettes in a sophisticated and lovely book that is a must for Audrey Hepburn fans and food lovers. The blind photographer cannot see a butterfly perched perfectly still on a flower, a bowl of sweet-smelling fruit, or a child's rattle on a darkened floor, but the mind's eye is sharply focused. How then, do blind or partially sighted people capture such extraordinary images? The photographs in this revelatory book suggest a deeper truth: that blindness is itself a kind of seeing, and that those who can see are often blind to the strangeness and beauty of the world around them. As the blind photographer Evgen Bavcar writes, "Photography must belong to the blind, who in their daily existence have learned to become the masters of camera obscura." Through the photographs of more than fifty blind or partially sighted people from around the world, this exhilarating book—the first to explore this phenomenon in all its vibrancy and diversity—will make you see differently. The Blind Photographer was produced in collaboration with Gina Badenoch and the photographers from Ojos Que Sientien, (www.ojosquesientien.org) a Mexican charity that teaches photograph to the visually impaired. Meet Audrey Hepburn as you've never seen her before in Little Audrey's Daydream: The Life of Audrey Hepburn, an empowering children's book by her son and daughter-in-law, Sean and Karin Hepburn Ferrer. Little Audrey's Daydream tells the story of Audrey Hepburn's life from her own perspective as a child growing up in Belgium and Holland, and into her adult life as an actress, mother, and humanitarian. • A beautiful, personal introduction to the life of Audrey Hepburn: Audrey's

extraordinary story unfolds during her childhood in Holland, where her happy life of ice-skating and dancing changes with the harsh realities of World War II. As she daydreams about who she will become when the war ends, her real-life story of fame, family, and charity work unfolds. • A beacon of hope for children during difficult times: Facing dire circumstances during Occupation, Audrey and her family often don't have enough to eat. Despite the challenges, Audrey never loses hope that, with spirit and determination, her dreams can still come true. • All author proceeds will be donated to EURORDIS: Following in the footsteps of his mother's incredible humanitarian legacy, Sean Hepburn Ferrer and his wife Karen are donating all of their author proceeds from the book to EURORDIS, the Voice of Rare Disease Patients in Europe. • Whimsical illustration by celebrated French couple: *Little Audrey's Daydream* is beautifully illustrated by the legendary Dominique Corbasson and Francois Avril. This book is Corbasson's last work. *Little Audrey's Daydream* is an essential addition to the library of all Audrey Hepburn fans and a beautiful introduction to the life of Audrey Hepburn for children. Twenty-five years after her passing, Audrey Hepburn remains the most beloved of all Hollywood stars, known as much for her role as UNICEF ambassador as for films like *Roman Holiday* and *Breakfast at Tiffany's*. Several biographies have chronicled her stardom, but none has covered her intense experiences through five years of Nazi occupation in the Netherlands. According to her son, Luca Dotti, "The war made my mother who she was." Audrey Hepburn's war included participation in the Dutch Resistance, working as a doctor's assistant during the "Bridge Too Far" battle of Arnhem, the brutal execution of her uncle, and the ordeal of the Hunger Winter of 1944. She also had to contend with the fact that her father was a Nazi agent and her mother was pro-Nazi for the first two years of the occupation. But the war years also brought triumphs as Audrey became Arnhem's most famous young ballerina. Audrey's own reminiscences, new interviews with people who knew her in the war, wartime diaries, and research in classified Dutch archives shed light on the riveting, untold story of Audrey Hepburn under fire in World War II. Also included is a section of color and black-and-white photos. Many of these images are from Audrey's personal collection and are published here for the first time. The son of the celebrated actress recounts the life of his mother, her most noted performances, and her work as a goodwill ambassador for UNICEF, along with events in his own life. Assembled by Audrey Hepburn's son Luca Dotti, *Audrey in Rome* is an intimate collection of almost two hundred candid photographs of the beloved actress and much-imitated style icon during the twenty-year period she made Rome her home. A private album of rare snapshots—many never published before—of Audrey Hepburn in her everyday life as a citizen of the Eternal City, *Audrey in Rome* is a treasure for every fan of her films and her impeccable, timeless style. With an introduction by Dotti that reveals Audrey's private side and three photo-filled chapters organized by decade, the book captures the actress as she strolls around the city alone and with family and friends, walks her Yorkie, Mr. Famous, has breakfast in Piazza Navona, visits the local florist, and more. The book also contains set photographs of the films she made during her Rome years (*Roman Holiday*, *War and Peace*, *The Nun's Story*, *Breakfast at Tiffany's*) and of the famous clothes and accessories that helped create her iconic look. Irresistible as the actress herself, *Audrey in Rome* opens the door to Hepburn's personal world. For many, "Greece" is synonymous with "ancient Greece," the civilization that gave us much that defines Western culture today. But, how did Greece come to be so powerfully attached to the legacy of the ancients in the first place and then define an identity for itself that is at once Greek and modern? This book reveals the remarkable achievement, during the last three hundred years, of building a modern nation on the ruins of a vanished civilization—sometimes literally so. This is the story of the Greek nation-state but also, and more fundamentally, of the collective identity that goes with it. It is not only a history of events and high politics; it is also a history of culture, of the arts, of people, and of ideas.

Opening with the birth of the Greek nation-state, which emerged from encounters between Christian Europe and the Ottoman Empire, Roderick Beaton carries his story into the present moment and Greece's contentious post-recession relationship with the rest of the European Union. Through close examination of how Greeks have understood their shared identity, Beaton reveals a centuries-old tension over the Greek sense of self. How does Greece illuminate the difference between a geographically bounded state and the shared history and culture that make up a nation? A magisterial look at the development of a national identity through history, *Greece: Biography of a Modern Nation* is singular in its approach. By treating modern Greece as a biographical subject, a living entity in its own right, Beaton encourages us to take a fresh look at a people and culture long celebrated for their past, even as they strive to build a future as part of the modern West. This book calls attention to the circumstances in which pictures of Hepburn have been published and consumed, thereby illuminating the public's relationship with the images over the course of the twentieth century. The book accompanies a major exhibition at the National Portrait Gallery, London (2 July to 18 October 2015), organised with support from the Audrey Hepburn Estate. Twenty years after the Starr Report and the Clinton impeachment, former special prosecutor Ken Starr finally shares his definitive account of one of the most divisive periods in American history. You could fill a library with books about the scandals of the Clinton administration, which eventually led to President Clinton's impeachment by the House of Representatives. Bill and Hillary Clinton have told their version of events, as have various journalists and participants. Whenever liberals recall those years, they usually depict independent counsel Ken Starr as an out-of-control, politically driven prosecutor. But as a *New York Times* columnist asked in 2017, "What if Ken Starr was right?" What if the popular media in the 1990s completely misunderstood Starr's motives, his tactics, and his ultimate goal: to ensure that no one, especially not the president of the United States, is above the law? Starr -- the man at the eye of the hurricane -- has kept his unique perspective to himself for two full decades. In this long-awaited memoir, he finally sheds light on everything he couldn't tell us during the Clinton years, even in his carefully detailed "Starr Report" of September 1998. Contempt puts you, the reader, into the shoes of Starr and his team as they tackle the many scandals of that era, from Whitewater to Vince Foster's death to Travelgate to Monica Lewinsky. Starr explains in vivid detail how all those scandals shared a common thread: the Clintons' contempt for our system of justice. This book proves that Bill and Hillary Clinton weren't victims of a so-called "vast right-wing conspiracy." They played fast and loose with the law and abused their powers and privileges. Today, from the #MeToo aftermath and Russiagate to President Trump's impeachment trial, the office of the American presidency is in crisis—and Starr's insights are more relevant now than ever. Ready to up your grilling game? This cookbook by a pitmaster and a sommelier will turn your backyard barbecue into the tastiest place to be—with recipes that celebrate smoked and grilled food (and the wines that pair best with them). Every region has its barbecue, grill, and smoking food traditions. Now the Pacific Northwest can claim its place at the table with these recipes developed by sommelier Mary Cressler and pitmaster Sean Martin from Portland, Oregon. Not as sauce-dependent as Kansas City, not quite as beef-obsessed as Texas, these dishes bring the smoke to wild salmon, ribs and steaks, fresh apples, heirloom tomatoes, nuts and beans, and even chocolate pot de crème. Rubs and glazes draw on Northwest flavors such as soy sauce, rosemary, and wild blackberries. Whether the equipment at home is a basic kettle grill or a professional-grade outfit with an electric wood feeder, the instructions will turn even novices into masters of the grill. And true to the region, these recipes pair with wines such as pinot noir and cabernet sauvignon instead of the customary can of beer. **AUDREY HEPBURN: An Audrey Hepburn Biography** These are just a few of the things that makes a star like Audrey Hepburn transcend the movies to icon-status. Audrey Hepburn is a sumptuous celebration of Hepburn as a beloved fashion icon and actress. Karney tells the story of Hepburn's life, from her childhood in Nazi-occupied Holland, through her early aspirations to become a ballet dancer, the instant and universal acclaim of her onscreen debut and her years as one of Hollywood's most sought-after stars, to her later life working among the poorest children of the Third World. Karney's book gives fans a rare view into the life of a beloved star. Hepburn's acting career began after a series of minor revue and film roles in London. Hepburn was spotted by the writer Colette, who immediately cast her in the central role of a Broadway adaptation of her story, *Gigi*. Soon afterwards, Hepburn was offered a role alongside Gregory Peck in *Roman Holiday*, for which she collected an Oscar for Best Actress. The book highlights all her success that followed: she won the Tony Award for Best Actress for *Ondine*, captivated audiences as *Natasha* in *War and Peace*, and was highly praised for her brilliance in a serious role in *The Nun's Story*. Hepburn's style was perfection, and her clothes—many of them designed by Givenchy, who dressed her for *Funny Face* in 1957—placed her on the world's Best-Dressed Women list for several consecutive years. Her personality and sensuous yet untouchable beauty made her irresistible to the public. On Hepburn's death, Liz Taylor said, "God has a most beautiful new angel now that will know just what to do in heaven."
