Australia as Paris Never Leaves You It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life. The war is over and blackouts are a thing of the past, except in the village of Melchester, where the local council has refused to sully its streets with unsightly lamps. The night is pitch black, but hardly quiet. Young lovers are rendezvousing, a police constable is helping himself to a few of his neighbor's partridges, and a poet is going to visit his beloved, a new verse on his lips. She will never hear it, sadly, for the young man is stopped along his way – stopped forever, by the tight grip of the garrote. The local constabulary wastes no time reaching out to Scotland Yard, which sends its best man: the easygoing detective-inspector Littlejohn. In Melchester he will find unspeakable secrets – and one citizen whose soul is as dark as the village night. For fans of Maggie Stiefvater and Laini Taylor, a perfect storm lies ahead in this riveting fantasy duology opener from award-winning author Elle Cosimano. One cold, crisp night, Jack Sommers was faced with a choice—live forever according to the ancient, magical rules of Gaia, or die. Jack chose to live, and in exchange, he became a Winter—an immortal physical embodiment of the season on Earth. Every year, he must hunt the Season who comes before him. Summer kills Spring. Autumn kills Summer. Winter kills Autumn. And Spring kills Winter. Jack and Fleur, a Winter and a Spring, fall for each other against all odds. To be together, they'll have to escape the cycle that's been forcing them apart. But their creator won't let them go without a fight. Love can be blinding and by the time the truth shines through, it's too late to escape. Fame. Fortune. Success. Is that too much to ask? All I need is to catch a break. To snag the attention of someone important. Someone who can help make my career everything I want it to be. Joseph was that man. Until the night the lights went out and I left with someone else. Someone who stole my breath and made me want for things I'd never considered before. I should have known better than to trust a stranger. Especially one of his stature and class. Money means power and power means control. Over my heart. My career. My entire life. My dreams died the moment I agreed to his terms and a new chapter in my life began. I was blinded by my love for him and thought nothing would ever change the way I felt. Then I uncovered the truth about him. About the kind of man he really was and the secrets he paid good money to keep hidden from everyone. Now I'm trapped, with no way out. Book 1 of 2 in the Storm Series. As the 22nd century approaches, the United States and Canada have been shattered by war and upheaval and have broken up into separate ethnic, racial, and political enclaves. On the east coast a crumbling, bankrupt and tottering United States government still holds a weak and impotent sway over a ragged collection of tattered states and cities, but life is chaotic and plagued with poverty, violence, and desperation. The entire Southwest, beginning with Texas and extending westward to southern California and north as far as Utah, has become the Spanish-speaking Mexican state of Aztlan. And in the Pacific Northwest, from northern California on up to Alaska, a brutal fascist and white supremacist dictatorship rules the Northwest American Republic. Colonel Donald Redmond of the Bureau of State Security (BOSS) is one of the Northwest Republic's most ruthless and skillful political policemen. Then on a bright October morning he is called into the office of the State President, where he is given a top-secret assignment. A skeleton from the bloody and treacherous days of the revolution against America is about to emerge from the closet, and one of the most carefully guarded and suppressed mysteries of that revolution may become public knowledge. That long hidden truth may undermine the very moral and political foundations of the white supremacist state. A woman's life hangs in the balance, but possibly even the fate of a continent as well, as Donald Redmond and his partner Sergeant Nel plunge into the past and seek for the answer: who betrayed the Olympic Flying Column, and why? In *The Hill of the Ravens*, underground cult novelist H. A. Covington offers us a grim and chilling view of a future that may yet come to be. Play hard ... Fight hard ... Love hard. Every year her parents' house looked like an assembly of angels had puked everywhere. She was talking lights and glitter, garland and plaid. EVERYWHERE. All of that Christmas spirit was topped off with the annual McLeod Holiday Party, complete with mistletoe and happy couples and . . . her lonesome single ass. Well, this year she had a plan. She was going to get herself engaged. A diamond ring on her finger was the perfect way to get her family to back off. And she had just the perfect guy in mind. She's running for her life. He's the safe haven she never expected to find. The holiday season is about to get HOT. Hiding out for the holiday season in the heart of the South? She can't afford to let Spencer learn all of her secrets, a tough job since she is living with the man. No sex, though. It's purely a business relationship. Except...the holidays in the South sure do get HOT. Or maybe that's just sexy Spencer. Usually, Haley falls for the bad guy. It's the whole reason she's running for her life. But the truth is, Spencer has plenty of darkness inside, too. An ex Navy SEAL, he knows how to get sh—um, stuff done. He also knows how to be very, very naughty. It wouldn't matter so much if he were avoidable. But considering he's my older brother's best friend and roommate, I see him more than I'd ever want to. His sculpted abs and gorgeous eyes are wasted on such an arrogant man, which makes me hate him even more. Even though I've had a crush on him since I was ten, the feelings weren't mutual and he's always made that very clear. He's always loved getting under my skin and one night against my better judgment, I let him in my bed. I've succumbed to his manwhore ways, but that doesn't change a thing. Because the King is about to get played at his own game and lose. Checkmate. And no, I have no interest in letting you take me on a date. Sincerely, Magnolia Allen P.S. And no, I do not want to know how many accents you can growl in during intimate moments.

How is that even a thing? P. P. S. Also, you will never find me standing naked in your living room ever again, so please stop leaving lingerie packages on my welcome mat. Their wonderland was built on lies. As the family attorney scours emptied bank accounts, Georgia must not only look for a way to support her family, she needs to face the revelation that Ben was not the perfect husband he appeared to be, just as her daughters—now ensconced back at home with secrets of their own—have to accept that they may not be returning to their lives in Paris and at Stanford subsidized by the Bank of Mom and Dad.
